

Fueling Excellence

FOR IMMEDIATE RELEASE

REJUVINATE YOUR VEHICLE'S ENGINE WITH NEW & IMPROVED SHELL V-POWER

NEW & IMPROVED

KOROR, PALAU (March 23, 2026) – IP&E, the regional licensee for Shell, has enhanced its Shell Fuel offering in Palau with a new formulation of its premium unleaded fuel product: *New & Improved Shell V-Power.*

New & Improved Shell V-Power is an enhanced formulation of the previous Shell V-Power premium fuel offering.

Shell V-Power cleans up to 100% of critical engine parts to rejuvenate your engine's performance.*

This advanced formulation, is engineered to remove baked in deposits left by lower-quality gasoline, starting with the very first tank.

Rejuvenate your engine; fuel up with our new formulation today! New & Improved Shell V-Power is available at Shell Stations in Palau. Visit your favorite Shell for your next fill and experience improved fuel performance with Shell V-Power.

Go Well, Go Shell!

Remove baked-in deposits left by lower quality gasoline, starting with the very first tank.*

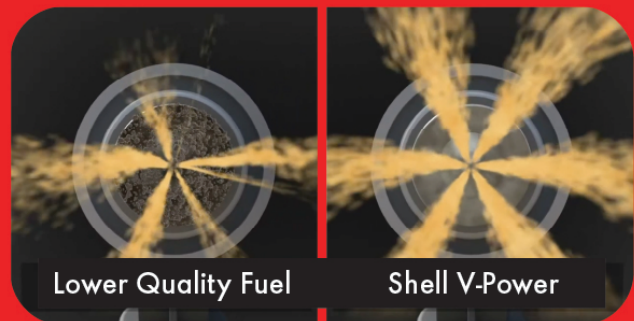

Illustration of effects of Shell V-Power on deposits on GDI fuel injectors

*Measured using industry standard and Shell proprietary tests. Removes performance-robbing deposits from and protect key fuel system components such as intake valves and fuel injectors. Actual effects and benefits may vary according to vehicle type, driving conditions and driving style.

IP&E Holdings, LLC is Shell Retail Licensee in Guam, Saipan and Palau. For additional information, contact Camille Denight, Marketing Business Partner, IP&E, at 671-685-5909.

*Removes and protects from the build-up of performance-robbing deposits in gasoline direct injection engine fuel injectors with continuous use of Shell V-Power. Measured using industry standard and Shell proprietary tests. Actual effects and benefits may vary according to vehicle type, age, condition, and driving style. No guarantees provided.
